

Casino War® is the fastest, simplest table game to learn and play, and is the only game where players can beat the dealer more than 50% of the time. *Casino War* also offers the optional Tie side bet.

TO PLAY AGAINST THE DEALER

Make a bet in the marked area. You and the dealer will each receive a card face up. If your card is higher than the dealer's, you win even money. If your card is lower, you lose. (Ace is high)

GOING TO WAR

If your card matches the dealer's card in rank, you can either surrender half your bet or go to war. When going to war, you and the dealer match your original bet, and each receives another card. If your second card beats the dealer, you win all three bets. If your second card loses to the dealer, you lose all three bets. If you go to war and tie the dealer, not only do you win, but you win an extra unit. Winning ties when going to war is huge. Because of this rule, you will win 50.3% of the time in *Casino War*, assuming you never surrender.

TIE BET

Make a wager on the Tie bet and if your card matches the dealer's card, you win. See layout for odds.
