

# Face up PAI GOW POKER

*Face Up Pai Gow Poker™* features head-to-head play against the dealer and offers the optional Fortune Bonus<sup>SM</sup> wager. As in standard Pai Gow, each player and dealer receive seven-cards, but in Face Up Pai Gow Poker the dealer's cards are dealt face-up. The Joker is considered fully wild and can be used as any card. Face Up Pai Gow Poker is a commission-free game. You do not pay a 5% commission when you beat the dealer; however, when the dealer is forced to play an Ace or King-High, you automatically push.

## **GETTING STARTED**

To begin each round, make a standard Pai Gow wager. You may also make the Fortune Bonus wager.

## **FORTUNE BONUS**

The Fortune Bonus bet wins if your best possible five-card hand matches one of the payouts from the offered payable. If you wager at least \$5 on the Fortune Bonus, the dealer will place an "envy" button next to your bet. This qualifies you for an envy bonus payout. See payable for odds.

Note: Certain Fortune Bonus payouts require that all seven-cards be natural, these specific payouts will be designated as "NO JOKER".

## **ENVY BONUS**

The dealer pays any envy bonuses at the end of the round. If at least one player receives a hand that qualifies for Envy Bonus payouts, all players with envy buttons win. You can win multiple Envy Bonuses in a round, but you CANNOT win an Envy Bonus for your own hand or the dealer's hand. See payable for payouts.
