THREE CARD POKER

Three Card Poker Progressive is an exciting stud poker game. You may bet against the dealer, bet on the value of your own three-card hand, or bet both. Bonus payouts may be had for certain hands when wagering against the dealer.

Pair Plus®

Pair Plus® side bet lets you bet against your own hand. If your hand contains a pair or better, you win!

6 Card Bonus

Combine your hand with the dealer's three-card hand to make your best five-card poker hand. You win with a three-of-a-kind or better. See payable for odds.

Ante

Ante lets you play against the dealer's hand. It's just your cards against the dealer's. If you make an ante bet and like your hand, you must place an equal wager on the play spot. It's your hand against the dealer's poker hand, and the best hand wins!

To Play All Three

It's you and your cards for a pair or better, and it's you against the dealer for the best poker hand. Bet the 6 Card Bonus for an even larger payout. You must also make the play wager or you will forfeit the ante wager.

Ante Bonus

If you make the ante and play wagers, you may win a bonus payout even if the dealer doesn't qualify, and even if the dealer's hand beats your hand.

Progressive Payouts

The progressive bet qualifies you for payouts from the incrementing jackpot. See payable for odds.

Envy Bonuses

Top pays trigger Envy bonuses. See payable for payouts. You can win multiple Envy bonuses in a round, but you cannot win Envy bonuses for your own hand or the dealer's hand.
